

Name: _____ Date: _____

Fractions

Equivalent Fraction Practice

Write out the equivalents:

$$\frac{1}{2} = \underline{\quad} = \underline{\quad} = \underline{\quad} = \underline{\quad}$$

$$\frac{2}{2} = \underline{\quad} = \underline{\quad} = \underline{\quad} = \underline{\quad}$$

$$\frac{1}{3} = \underline{\quad} = \underline{\quad} = \underline{\quad} = \underline{\quad}$$

$$\frac{2}{3} = \underline{\quad} = \underline{\quad} = \underline{\quad} = \underline{\quad}$$

$$\frac{3}{3} = \underline{\quad} = \underline{\quad} = \underline{\quad} = \underline{\quad}$$

$$\frac{1}{4} = \underline{\quad} = \underline{\quad} = \underline{\quad} = \underline{\quad}$$

$$\frac{2}{4} = \underline{\quad} = \underline{\quad} = \underline{\quad} = \underline{\quad}$$

$$\frac{3}{4} = \underline{\quad} = \underline{\quad} = \underline{\quad} = \underline{\quad}$$

$$\frac{4}{4} = \underline{\quad} = \underline{\quad} = \underline{\quad} = \underline{\quad}$$
