## Order Of Operations Worksheets:

Parentheses Exponents Multiplication Division Addition Subtraction.

Here is an easy way to remember the order:

**PEMDAS** OR **Please Excuse My Dear Aunt Susan.**

\*Multiply and divide left to right. Division is the inverse of multiplication that is why you do it left to right. Same with addition and subtraction.

$8 \div 2 \times 4 =$

P none

E none

M do last

D  $4 \times 4 = 16$

A done

S

$8 \div 2 \times 4 =$

P

E

M

D

A

S

$2 \times 1 \times 3 \times 5$

P none

E none

M  $2 \times 3 \times 5 = 30$

D done

A

S

$2 \times 1 \times 3 \times 5$

P

E

M

D

A

S

$1 + 2 \times 4 \div 2 =$

P none

E none

M  $1 + 8 \div 2 =$

D  $1 + 4 =$

A  $1 + 4 = 5$

S done

$1 + 2 \times 4 \div 2 =$

P

E

M

D

A

S
